

Next Steps for Getting Your Pfizer Migraine Medication

Whether you have commercial (private) or another type of insurance plan, this resource can help you understand the steps you, your healthcare provider, and your pharmacy will take to get your Pfizer migraine medication as prescribed.

- **Commercial insurance**, also known as private insurance, is a type of insurance plan that's provided through your employer, or may be purchased directly by you or a family member
- You may have **another type of insurance plan** offered through federal, state, or local governments

Step 1 Checking insurance coverage

After receiving your prescription, the pharmacy will **verify your insurance coverage for the medication**

Once coverage is confirmed, the pharmacy will inform both you and your healthcare provider about the status of the prescription

- ✓ **Make sure your healthcare provider has the most current information** about your prescription drug insurance
 - See [page 4](#) to learn where you can find this information
- ✓ **If you have commercial (private) insurance**, you may be eligible to sign up for a Pfizer migraine medication copay savings program:
 - Nurtec® ODT (rimegepant):** nurtec.com/savings
 - ZAVZPRET® (zavegepant):** zavzpret.com/how-to-save

WHAT IS NURTEC ODT?

Nurtec ODT orally disintegrating tablets is a prescription medicine that is used to treat migraine in adults. It is for the acute treatment of migraine attacks with or without aura and the preventive treatment of episodic migraine. It is not known if Nurtec ODT is safe and effective in children.

SELECT IMPORTANT SAFETY INFORMATION FOR NURTEC ODT

Do not take Nurtec ODT if you are allergic to Nurtec ODT (rimegepant) or any of its ingredients.

Please see Important Safety Information throughout. Please see full [Prescribing Information](#) and [Patient Information](#).

WHAT IS ZAVZPRET?

ZAVZPRET nasal spray is a prescription medicine used in adults for the acute treatment of migraine attacks with or without aura.

ZAVZPRET is not used to prevent migraine attacks. It is not known if ZAVZPRET is safe and effective in children.

SELECT IMPORTANT SAFETY INFORMATION FOR ZAVZPRET

Do not use ZAVZPRET if you are allergic to ZAVZPRET or its ingredients.

Please see full Important Safety Information throughout. Please see full [Prescribing Information](#) and [Patient Information](#), including [Instructions for Use](#).

Step 2 Requesting insurance approval

Your healthcare provider's office will likely need to send additional information to your insurance plan before the insurance plan will begin paying for your medication

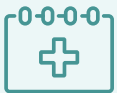

- This step is referred to as **requesting prior authorization (PA)**

To help with the PA, **confirm that your healthcare provider has the following information:**

- Medications you're currently taking or have taken in the past for migraine
- Reasons for stopping any migraine medications, such as side effects

Step 3 Following up on your prescription status

Depending on your insurance plan, it may take them a few days to up to 30 days to make a decision on the PA

- You may have to pay the full cash price for your medication if you choose to pick it up before a **decision is made on the PA**

You can contact your healthcare provider or your insurance plan to **confirm the status of the PA**

Addressing insurance denials

• If the insurance plan does not approve the PA, your healthcare provider's office may send more specific information and documents to ask the plan to reconsider the decision

- This step is referred to as submitting an appeal

You can ask the insurance plan to reconsider its decision, or you can ask your healthcare provider to start this process

- You can find out why coverage was denied by contacting your insurance plan

If your healthcare provider's office reaches out to ask you for additional information, be sure to provide it in a timely manner

SELECT IMPORTANT SAFETY INFORMATION FOR NURTEC® ODT (rimegepant) (CONT.)

Before you take Nurtec ODT, tell your healthcare provider (HCP) about all your medical conditions, including if you:

- have liver problems,
- have kidney problems,
- are pregnant or plan to become pregnant,
- are breastfeeding or plan to breastfeed.

Please see Important Safety Information throughout. Please see full [Prescribing Information](#) and [Patient Information](#).

SELECT IMPORTANT SAFETY INFORMATION FOR ZAVZPRET® (zavegepant) (CONT.)

Before you use ZAVZPRET, tell your healthcare provider about all of your medical conditions, including if you:

- have kidney problems
- have liver problems
- are pregnant or plan to become pregnant
- are breastfeeding or plan to breastfeed

Please see full Important Safety Information throughout. Please see full [Prescribing Information](#) and [Patient Information](#), including [Instructions for Use](#).

Step 4 Paying for and receiving your prescription

If you have commercial (private) insurance and have activated your savings card:

- Once the PA is approved, you may continue to use a Pfizer migraine medication copay savings program at the pharmacy

If you have another type of insurance:

- Reach out to a Pfizer Migraine Patient Access Coordinator for more information by calling 1-866-222-4183, Monday-Friday, 8 AM-8 PM ET

You also have the option to pay the full cash price for your medication if your PA is not approved

If you have commercial (private) insurance, make sure that you have activated your savings card at nurtec.com/savings or zavzpret.com/how-to-save

- You may be able to pay as little as \$0 for your medication^{*,†}

[*Eligible commercially insured patients can, for one time only, access Nurtec® ODT (rimegepant) at no cost while benefits are being verified for one prescription fill, with a maximum of 16 tablets total. Insurance coverage must be approved by the payor for patients to continue receiving Nurtec ODT with no out-of-pocket cost. No membership fees. Only available for commercially insured patients. This is not health insurance. Maximum annual benefit of \$7,000 applies. The full terms and conditions can be accessed at nurtec.com/savings#terms-and-conditions.]

[†Eligible commercially insured patients can, for one time only, access ZAVZPRET® (zavegepant) at no cost while benefits are being verified for one prescription fill, with a combined maximum of 6 devices total. Insurance coverage must be approved by the payor for patients to continue receiving ZAVZPRET with no out-of-pocket cost. No membership fees. Only available for commercially insured patients. This is not health insurance. The full terms and conditions can be accessed at zavzpret.com/copay-terms.]

SELECT IMPORTANT SAFETY INFORMATION FOR NURTEC ODT (CONT.)

Tell your HCP about all the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements.

Nurtec ODT may cause serious side effects including allergic reactions, including trouble breathing and rash. This can happen days after you take Nurtec ODT. Call your HCP or get emergency help right away if you have swelling of the face, mouth, tongue, or throat or trouble breathing. This occurred in less than 1% of patients treated with Nurtec ODT.

The most common side effects of Nurtec ODT were nausea (2.7%) and stomach pain/indigestion (2.4%). These are not the only possible side effects of Nurtec ODT. Tell your HCP if you have any side effects.

You are encouraged to report adverse events related to Pfizer products by calling 1-800-438-1985 (U.S. only). If you prefer, you may contact the U.S. Food and Drug Administration (FDA) directly. Visit www.fda.gov/medwatch or call 1-800-FDA-1088.

Please see Important Safety Information throughout. Please see full [Prescribing Information](#) and [Patient Information](#).

SELECT IMPORTANT SAFETY INFORMATION FOR ZAVZPRET (CONT.)

Tell your healthcare provider about all the medicines you take, including prescription and over-the-counter medicines, vitamins, and herbal supplements.

ZAVZPRET may cause serious side effects. Allergic reactions, including hives and swelling of the face can occur after you use ZAVZPRET. Call your healthcare provider or get emergency help if you have swelling of the face, mouth, tongue, or throat or trouble breathing.

The most common side effects of ZAVZPRET include unusual taste, nausea, nasal discomfort, and vomiting. These are not the only possible side effects of ZAVZPRET. Tell your healthcare provider if you have any side effects.

You are encouraged to report adverse events related to Pfizer products by calling 1-800-438-1985 (U.S. only). If you prefer, you may contact the U.S. Food and Drug Administration (FDA) directly. Visit www.fda.gov/medwatch or call 1-800-FDA-1088.

Please see Important Safety Information throughout. Please see full [Prescribing Information](#) and [Patient Information](#), including [Instructions for Use](#).

Know who covers your prescription medications

Be sure that your healthcare provider's office has your most current prescription insurance information. You can find this information on your insurance card. If your insurance card lists an "Rx BIN" and "Rx PCN," be sure to provide these numbers. You can also find your insurance plan's phone number on the back of the card.
